TECHZONE™ Ceiling System

Recessed Downlight Fixtures

Armstrong® TechZone™ Compatible

Mini Accurus

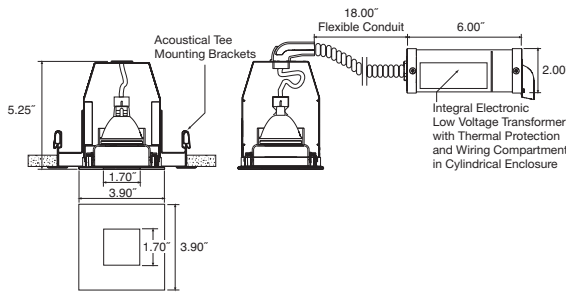

Mini Accurus small aperture recessed MR16 downlights boast a small 3.9" square trim and a 1.7" square aperture.

Three models are offered: Fixed downlight, Wall Wash with integral aluminum kicker reflector, and an adjustable accent trim with 30 degree tilt X 90 degree rotation. All models include a housing and electronic transformer with a cylindrical metal enclosure and separate wiring compartment. The enclosure is connected to the housing via 18" of flexible conduit.

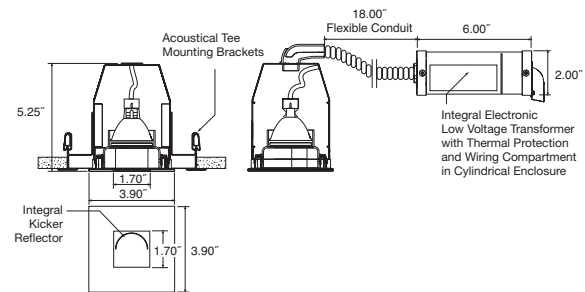

The small size of the Mini Accurus fixtures ensure a clean, unobtrusive presence in the ceiling while maintaining a high level of downlighting performance.

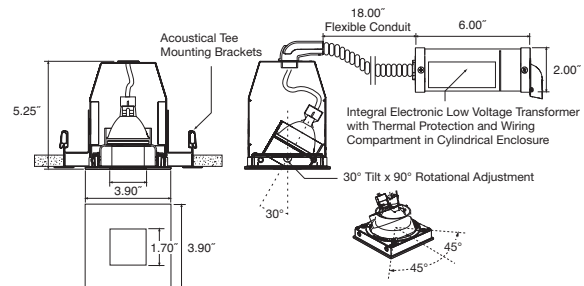

Mini Accurus - Item Number TZ5101

Item No.	Description	Lamp
TZ5101	3.9" Square Fixed Downlight Trim with 1.7" Square Opening - Includes Housing with Integral Electronic Transformer and J-box - Trim face has Armstrong White finish with flat black internal finish	12V MR16 50W Max
